of Public Health  
and Environment

# Women's Wellness Connection

Prevention Services Division

## New eCaST Demonstration

# About the training

- If via webinar, please do not place us on hold
- Attendance will be taken via an online survey after the training
- We are monitoring the webinar chat box
- Training at warp speed – program rules were covered during WWC orientation
  - New users: Attend August 7 basics (9am-12pm)
  - You will have time to ‘play around’ on the eCaST test site until it is released

# Accessing training materials

- Go to “Data & New eCaST” section of WWC website
  - Easiest way to find: Google “WWC CDPHE” and click on first link
  - <http://www.colorado.gov/cs/Satellite/CDPHE-PSD/CBON/1251617581963>
  - Includes
    - Training PowerPoint
    - User access request quick reference
    - New eCaST Updates
    - Training attendance and feedback survey links

# Agenda

- Accessing eCaST
- What's changed & what's stayed the same
- Demo new eCaST
- Special Scenarios
- Break & time to play around

# Accessing eCaST

**Women's Wellness  
Connection**  
Prevention Services Division

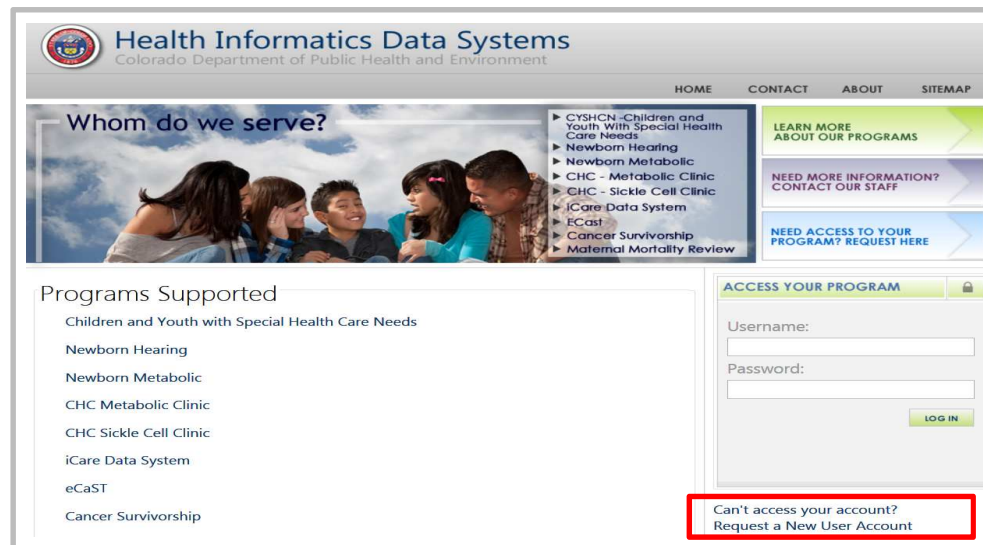

# Accessing New eCaST

- Housed with all other CDPHE program applications at <https://phi.dphe.state.co.us>
- **Must have Google Chrome**
  - Install at <https://chrome.google.com>
  - Also runs in Internet Explorer version 9+ (but optimally)

# LATER: Request a new username

- Must request a new username for new eCaST
- Request online through production site once WWC sends out notification
  - Already have access for another program? Contact Amanda to add WWC
- BOOKMARK ONLY: <https://www.PHI.dphe.state.co.us/>

The screenshot shows the 'Health Informatics Data Systems' website for the Colorado Department of Public Health and Environment. The page features a navigation bar with links for HOME, CONTACT, ABOUT, and SITEMAP. A section titled 'Whom do we serve?' lists various programs including CYSHCN, Newborn Hearing, Newborn Metabolic, CHC Metabolic Clinic, CHC Sickle Cell Clinic, iCare Data System, eCaST, Cancer Survivorship, and Maternal Mortality Review. Below this, a 'Programs Supported' list includes Children and Youth with Special Health Care Needs, Newborn Hearing, Newborn Metabolic, CHC Metabolic Clinic, CHC Sickle Cell Clinic, iCare Data System, eCaST, and Cancer Survivorship. On the right, there are links for 'LEARN MORE ABOUT OUR PROGRAMS', 'NEED MORE INFORMATION? CONTACT OUR STAFF', and 'NEED ACCESS TO YOUR PROGRAM? REQUEST HERE'. The 'ACCESS YOUR PROGRAM' section contains a login form with fields for 'Username:' and 'Password:', a 'LOG IN' button, and a red-bordered box with the text 'Can't access your account? Request a New User Account'.

# Requesting a new username

- What's new/different?
  - No longer need to submit paper forms! All online
  - eCaST coordinators will receive email to approval new WWC eCaST users at their agency (replacing supervisor letter)
    - First round of user requests will not require approval
  - This site (like most) has a password reset feature (so you will no longer need to call CDPHE for resets)

# What's changed and what's stayed the same?

# Before we show you new eCaST...

- New eCaST = New Forms
  - Before we launch
- New eCaST will be ready in August (specific date TBD)
- Enter data as usual in old eCaST until notified otherwise

# Finally! We made it to 2013!

# Data entry demonstration

*(Slides available for reference)*

*We will review:*

1. Finding/Creating a new client
2. Adding program enrollment
3. Creating a new clinical cycle
4. Creating an abnormal breast screening
5. Creating a normal cervical screening
6. Troubleshooting errors
7. Finalizing a clinical cycle
8. Adding a short term follow-up clinical cycle

**Data entry demonstration**

# **1. Finding/creating a new client**

**Women's Wellness  
Connection**  
Prevention Services Division

# Finding a client

- Mostly the same
  - Minimize duplicates by using a **single** search criteria on 3 separate searches
- New system = New ID
  - Old WWC ID will be searchable

Search Clients

ID	<input type="text"/>	DOB	<input type="text"/>
Last Name	<input type="text"/>	First Name	<input type="text" value="testina"/>
Chart #	<input type="text"/>	Last 4 SSN	<input type="text"/>
WWC ID	<input type="text"/>	Maiden Name	<input type="text"/>

Not Finding this client?

Show  entries Filter:

ID	Last Name	First Name	Middle Name	Maiden Name	Last 4 SSN	Birth Date	Chart Number	
1423	Armijo	Testina				06/01/1955	183	<input type="button" value="Profile"/> <input type="button" value="Cycle(s)"/> <input type="button" value="New Cycle"/> <input type="button" value="X"/>

# Adding a new client

- Client Profile = Patient Information Screen in old system
- Same data requirements
  - Required fields are blue
  - Calculating fields are grey
  - Optional fields are white

**Data entry demonstration**

## **2. Adding an enrollment/Editing an existing Client**

**Women's Wellness  
Connection**  
Prevention Services Division

# Client profile (new vs. existing)

## Creating a new client:

The screenshot shows the 'eCaST - Electronic Cancer Surveillance and Tracking System' interface for creating a new client. The 'Identification' section includes fields for Last Name (Armijo), Middle Name, SSN (Last 4 digits), and Latina/Hispanic (Hispanic or Latino/a). The 'Race(s)' section is required and includes checkboxes for White (Hispanic or Non-Hispanic), Pacific Islander, Alaska Native, Client not asked, and others. The 'Enrollment' section includes a checkbox for 'Legal Presence Verified and Documented' (Required), a dropdown for 'Enrollment Program' (WWC), a field for 'Enrollment Date', a dropdown for 'Insurance or Medicaid' (No private insurance or Medicaid), a field for 'Monthly Income' (100), a field for '# Living on Income' (1), and a dropdown for 'Reminder' (English). At the bottom, there are 'Create' and 'Cancel' buttons.

## Editing an existing client:

The screenshot shows the 'eCaST - Electronic Cancer Surveillance and Tracking System' interface for editing an existing client profile. The title is 'Edit Testina Armijo's (ID # 1423) Profile'. The 'Identification' section is identical to the new client form. The 'Enrollment Information' section is a table with the following data:

Legal presence verified and documented	Enrollment Program
<input checked="" type="checkbox"/> Yes	WWC

Below the table, it says '1 Showing 1 to 1 of 1 records'. The 'Phone Number Information' section is partially visible. At the bottom, there are 'Update', 'New Cycle', 'Cycle(s)', and 'Cancel' buttons.

Enrollment,  
location, and  
phone data  
stored in tables.  
Can add multiple

# Enrollment Stored Differently

- Create a new enrollment each time a woman is enrolled in WWC (do not write over old enrollments)
  - Previous enrollment information is kept and tied to an old screening

**Women's Wellness  
Connection**  
Prevention Services Division

# Enrollment Stored Differently

- Why the change?
  - Enrollment will now be tied to individual screenings
  - Multiple programs now using eCaST
    - WWC + Two colorectal cancer screening programs (CCSP & CRCCP)
    - Programs share client demographics
    - Programs do not share
      - Enrollment information
      - Clinical information

**Data entry demonstration**

## **3. Creating a new clinical cycle**

**Women's Wellness  
Connection**  
Prevention Services Division

# eCaST Lingo

## Old Lingo

### **Clinical Services Report (CSR)**

### **Cycle**

### **Procedure**

## New Lingo

### **Clinical Cycle**

Combination of breast, cervical & colorectal screenings across multiple enrollment programs initiated at the same time

### **Screening**

Includes all screening and diagnostic procedures resulting in a cancer diagnosis for one body part (breast screening and cervical screening)

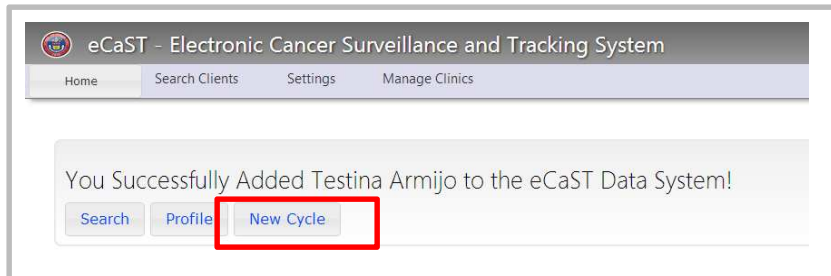

### **Procedure**

Individual test performed in screening process (i.e. clinical breast exam or a biopsy)

# Adding new clinical data

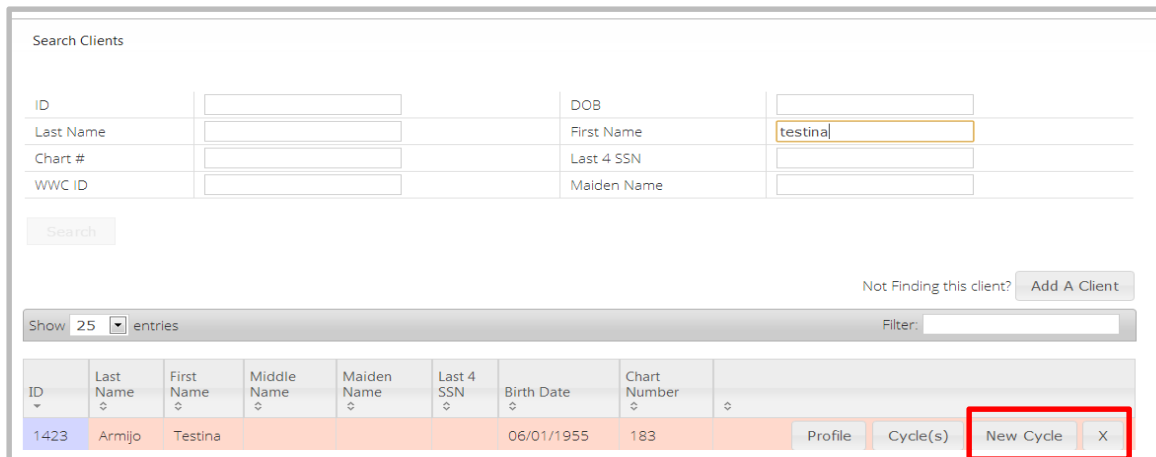

For a new client:

The screenshot shows the eCaST - Electronic Cancer Surveillance and Tracking System interface. A message states: "You Successfully Added Testina Armijo to the eCaST Data System!". Below the message are three buttons: "Search", "Profile", and "New Cycle". The "New Cycle" button is highlighted with a red rectangle.

Look for “New Cycle”  
– Available in many  
places

For an existing client:

The screenshot shows the "Search Clients" page. It includes search fields for ID, Last Name, Chart #, WWC ID, DOB, First Name, Last 4 SSN, and Maiden Name. A "Search" button is present. Below the search fields, there is a table of client data. The table has columns for ID, Last Name, First Name, Middle Name, Maiden Name, Last 4 SSN, Birth Date, Chart Number, and a row of action buttons. The "New Cycle" button is highlighted with a red rectangle.

ID	Last Name	First Name	Middle Name	Maiden Name	Last 4 SSN	Birth Date	Chart Number	
1423	Armijo	Testina				06/01/1955	183	

Below the table, there are buttons for "Profile", "Cycle(s)", "New Cycle", and "X". The "New Cycle" button is highlighted with a red rectangle.

# View/edit existing clinical data

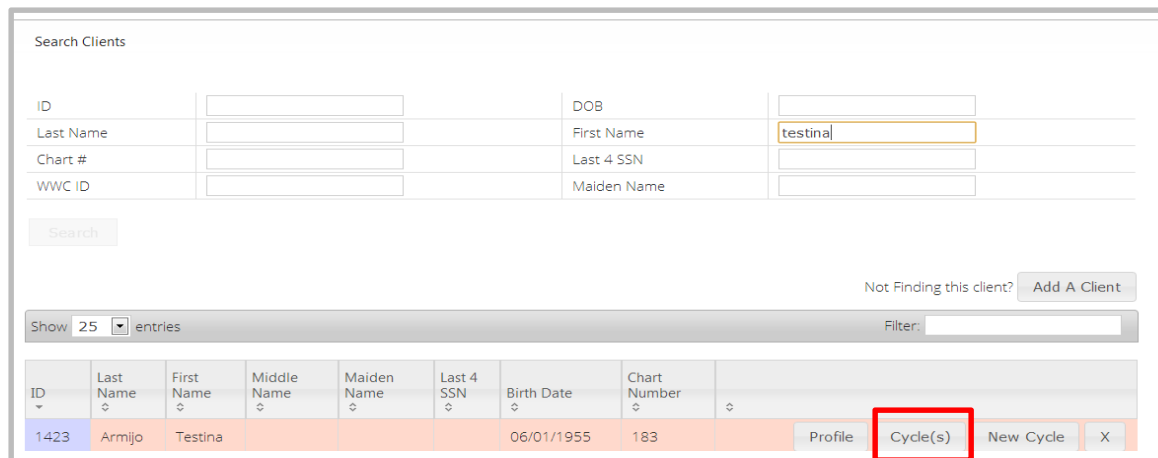

For a new client:

The screenshot shows the eCaST (Electronic Client Assessment and Tracking System) interface. At the top, there's a navigation bar with links: Home, Search Clients, Settings, and Manage Clients. Below the navigation bar, a message states: "You Successfully Added Testina Armijo to the eCaST Data System!". Underneath this message are three buttons: Search, Profile, and New Cycle.

To view or edit existing clinical data, go to  
"Cycle(s)"

For an existing client:

The screenshot shows the "Search Clients" section of the eCaST system. It includes a search form with fields for ID, Last Name, Chart #, WWC ID, DOB, First Name, Last 4 SSN, and Maiden Name. A "Search" button is located below the form. Below the search form, there's a message: "Not Finding this client? Add A Client". Below this message, there's a table showing the search results. The table has columns for ID, Last Name, First Name, Middle Name, Maiden Name, Last 4 SSN, Birth Date, Chart Number, and a set of action buttons. The first row of the table shows the client "Testina Armijo" with ID "1423" and birth date "06/01/1955". The action buttons for this client are "Profile", "Cycle(s)", "New Cycle", and "X". The "Cycle(s)" button is highlighted with a red box.

ID	Last Name	First Name	Middle Name	Maiden Name	Last 4 SSN	Birth Date	Chart Number	
1423	Armijo	Testina				06/01/1955	183	Profile Cycle(s) New Cycle X

# Creating a new clinical cycle

The screenshot shows a software window titled "Add Cycle". Inside, there are three input fields. The first is "Office Visit Date" with the text "07/01/2013". The second is "Type of Cycle" with a dropdown menu that has "Choose..." selected, and "Screening" is visible below it. The third is "Location" with a dropdown menu that has "Boulder Valley Women's Health Center" selected, and "Short term follow-up" is visible below it. At the bottom right of the window are two buttons: "Add" and "Cancel".

**Screening** – Complete routine cancer screening, screening for client at increased risk, diagnostics for client with symptoms, or diagnostic referral

**Short term follow-up** – Follow up procedures after scheduled wait. Just like old eCaST, do not enter on previous screening!

# Correcting screening errors

The screenshot shows the eCaST (Electronic Cancer Surveillance and Tracking System) interface. A modal dialog box is open in the center, titled "Please Correct the screening errors below:". Inside the dialog, there is a warning icon (a triangle with an exclamation mark) and a message: "All Procedures must meet coverage rules - Click link to resolve." A red arrow points from the text "Errors like on Report 22. Click error message to fix." to the message in the dialog. The background shows the "Pending Cycle Details for" section with a table of screening entries. The table has columns for "Enrollment Program" and "Status". There are two entries, both for "WWC". The first entry has a green checkmark icon, and the second entry has a red warning icon. The status for both is "W". The dialog has a "Close" button at the bottom right. The URL at the bottom of the page is "www.phitest.dphe.state.co.us/Authenticated/ECAST/Screenings/Edit/201389611581423/.../2".

## **8. Adding a short term follow-up clinical cycle**

# Creating a short term follow-up cycle

The screenshot shows a web form titled "Add Cycle". It contains three input fields: "Office Visit Date" with the value "07/01/2013", "Type of Cycle" with a dropdown menu open showing "Choose...", "Screening", and "Short term follow-up" (which is highlighted in blue), and "Location" with the value "Boulder Valley Women's Health Center". At the bottom right of the form are "Add" and "Cancel" buttons.

**Screening** – Complete routine cancer screening, screening for client at increased risk, diagnostics for client with symptoms, or diagnostic referral

**Short term follow-up** – Follow up procedures after scheduled wait. Just like old eCaST, do not enter on previous screening!

Recommended test

Final Diagnosis Date

**Final diagnosis is always required,  
regardless of procedures  
performed.**

# Special Scenarios

# Rare Scenarios

- Other Cervical Diagnosis-This is VERY rare! The CDC only wants to see an Other Diagnosis if a women has had a hysterectomy
  - Example: VAIN II diagnosis
    - Women with hysterectomy-Enter Colpo/biopsy as normal and final diagnosis as other with VAIN II in text field
    - Women w/o-Enter bx as normal and final dx as normal

# Rare Scenarios

- Client Referred into WWC program for diagnostic evaluation
  - After an abnormal Mammogram (dx or screening) or Pap Smear
  - Procedure funding source: Other
  - Remember! We are only paying for the diagnostic procedure in these cases
    - Subtract b2 or c2 amount
  - Allows for external or internal referrals for an agency

# Rare Scenarios

- Abnormal CBE followed by just a dx mammogram
  - CDC requires WWC clinical approval of these cases
  - If you are not performing Ultrasound/repeat cbe then contact Jennifer Walsh for approval
  - New CBE options in eCaST should help!

# Important links

- Fill out two surveys
  - Attendance:
    - <https://www.surveymonkey.com/s/eCaSTAttendance>
  - Training Feedback:
